A NOTE FROM THE DIRECTOR

WELCOME, MY FRIEND.

My name is Brad, I wanted to share some helpful tips to set your mind at ease during this stressful time. I understand a lot of you may be concerned about what will happen if we need to remain home for long periods of time. I'm going to give you some helpful tips to ensure your home is well taken care of. Remember we are only a phone call or email away.

BRAD GALL
DIRECTOR & Founder of
www.bradgallelectrical.com.au

We are sending you and your family lots of warm wishes and positive vibes!

At BG Electrical and Air Con, through our personal, customer-focused approach, we have been able to build our strong reputation. Our expert knowledge and skill, reliable and cost-effective services and top of the line products are what allows us to stand head and shoulders above the rest. We possess a comprehensive understanding and appreciation of just how important and beneficial it is to live and work within a comfortable environment.

We care about your safety, and this is why we felt it was important to give you something to help during these challenging times.

Be Safe, Be Healthy, Be Happy.

A handwritten signature in black ink that reads 'Team BG'. The signature is stylized and cursive, with the letters 'BG' being particularly prominent.

SAFETY CHECK LIST

- ☐ HAVE YOU PUSHED THE TEST BUTTON ON YOUR SAFETY SWITCH IN THE LAST 3 MONTHS?
- ☐ HAVE YOU HAD YOUR AIR CONDITIONER SERVICED RECENTLY TO AVOID THINGS LIKE THE SPREAD OF VIRUS AND INFECTION, BACTERIA AND MOULD?
- ☐ DO YOU HAVE COMPLETE TEMPERATURE CONTROL OVER YOUR HOME?
- ☐ HAVE YOU CLEANED YOUR AIR CONDITIONING FILTERS
- ☐ DO YOU HAVE THE RIGHT CLEANING PRODUCTS TO CARE FOR YOUR SYSTEM
- ☐ HAVE YOU CLEANED YOUR FANS
- ☐ MAKE SURE ALL STRAIGHTNERS, CURLING IRONS, CLOTHING IRONS, OVENS AND ANY HAZARDOUS APPLIANCES ARE TURNED OFF / UNPLUGGED
- ☐ HAVE YOU CHECKED YOUR SMOKE ALARMS
- ☐ CHECK YOUR ELECTRICAL APPLIANCES AND CIRCUIT BREAKER - ARE THEY MAKING LOUD NOISES? QUIET BUZZING IS FINE BUT NOTHING LOUD, OR IF YOU NOTICE ANY SPARKS TURN THEM OFF IMMEDITATLY & CALL US

BG COMPLETE TEMPERATURE CONTROL

There are extensive benefits when you have complete temperature control over your space through air conditioning.. Some of which include but are not limited to:

- Reduced asthma and allergy attacks
- Higher quality airflow
- Better sleep
- Improved focus and efficiency
- Furniture protection due to reduced humidity
- Protection against electricals overheating
- Improved health and wellbeing and reduced heat stroke and heat-related illnesses
- Complete temperature control for ultimate comfort

At BG Electrical and Air Con, we are experts in all facets of air conditioning, offering a wide range of services and brands. We provide services for private homes, investment properties, buildings, shops, offices, schools, factories and more.

WHY IT'S IMPORTANT TO SERVICE YOUR AIR CONDITIONER

THE AIR YOU BREATHE IS ESSENTIAL TO HEALTH

BENEFITS OF REGULAR SERVICING

Purify the Air Flowing Through Your Home by Eliminating Germs, Bacteria & Mould from your system.

This is extra important during Flu Season and Corona Virus to prevent illnesses spreading.

Save money on your power bills!

Increased Performance = Less Power Consumption = Save \$\$\$ When your air conditioner is functioning the most efficiently it can, it uses less power, and when well maintained it is far less likely to need replacing.

Fault Finding We get to any issues before they become serious problems and leave your air conditioner needing replacement. We Make Sure no Creatures are Residing in your AC - Having a Gecko, Snake or other creatures that may take residency in your air con, who cause damage to your AC is not covered by warranty. In your service we check for and remove any infestation to eliminate the probability of this happening.

Longevity of your air con the better you care for your air conditioner the longer it will last. We ensure everything is performing to it's ultimate capability.

Extended Warranty on AC's we've installed

Did you know most air conditioning installers in Brisbane only give a 12 month warranty on their installation? This includes most things outside of the manufacturers warranty including wiring, cables, gas etc. At BG Electrical and Air Con we offer all our customers a 5 year warranty to match the manufacturers warranty, as we are that confident in our work. All you need to do to ensure you meet our criteria for warranting the 5 years is to get your air conditioner serviced by us every year at a minimum.

WHATS INVOLVED

Minor Service We eliminate bacteria with a specific spray. We Flush the indoor Unit, We flush the Outdoor Unit, We Check the Running Current We Check the Compressor Motor, We Check the Refridgerant, We Inspect for Possible Vermin Ingress, We Ensure your Air Conditioner is Functioning as Efficiently as Possible

Major Service Everything above plus a high pressure clean of the indoor and outdoor unit used to remove mould & dust build up.

Ducted Service Full inspection of ducting & machine in roof. Remove and clean return air filter. Remove supply plenum - clean evaporative coil in indoor unit. Flush outdoor unit. Clean condensing coil. Check unit for geckos and insects. Visually inspect all ducting and check damper motos. Flush drain and ensure it is functioning effectively.

HOW TO CARE FOR YOUR AIR CONDITIONER

- ☐ ENSURE IT'S REGULARY SERVICED
- ☐ CHECK THE FILTERS AND CLEAN THEM
- ☐ DO YOU HAVE THE RIGHT CLEANING PRODUCTS TO CARE FOR YOUR SYSTEM

HYGIENE & IMPORTANT TIPS

TIP #1: DO NOT SPRAY ANY ELECTRICAL DEVICES OR BOARDS WITH ANY FORM OF SANITISER OR LIQUID. LEAVE CLEANING THESE SYSTEMS UP TO US, YOUR TEAM OF QUALIFIED EXPERIENCED ELECTRICIANS.

Want your systems sanitised and cleaned properly call us to come and do this for you to avoid electrical fires, electrocution or destroying your devices. 0434 288 108

TIP #2: AFTER YOU WASH YOUR HANDS OR SANITISE DO NOT TOUCH ANY DEVICES UNTIL YOUR HANDS ARE DRY

Avoid electrocution

TIP #3: REPLACE YOUR AIR CONDITIONERS FILTERS IF THEY ARE OLD & GET YOUR AIR CONDITIONER SERVICED

Prevent illnesses, bacteria, and germs spreading in the air by getting us to service your air conditioners and/or replace your old filters to ensure the air you breathe.

A photo from one of our full electrical and air conditioning fit outs

HOW TO MAKE HAND SANITISER

INGREDIENTS

Makes a Large Batch as shown:

- 750ml rubbing alcohol, if you can't find any you can use alcohol that's at least 60%
- 300g aloe vera gel (to prevent hands from drying out)
- 2 tbsp 100% Eucalyptus oil
- Tea Tree Oil (optional for extra anti bacterial benefits)

STEPS

Mix all ingredient in a mixing bowl, use a fork or whisk to thoroughly mix and combine the ingredients. Add into squeeze bottles and it's that simple!
